

Building Meeting Minutes  
February 21, 2008

Attendance: Scott Simonsen, Tony Haning, Marv Van Reissen, Gary Ihnen, Angie DeVries, Mindy Albrecht, Jenni McCrory

Scott Simonsen began the meeting by discussing the board approved path for this committee. The goal of the building committee is to design a floor plan and present it to the Board of Education for approval. Once approved the committee will proceed with the project by taking it to a vote for voter approval. This had been discussed at the February 20<sup>th</sup> board meeting.

Scott Simonsen and Angie DeVries gave an overview of the information they received from Sue Rensink who was a co-chair of the Middle School KIDS Committee. The 3 co-chairs and Mrs. McCrory met with Sue on February 13 to gain insight as to the direction the KIDS committee had while working on the middle school project.

Scott Simonsen presented an updated drawing from Jim Ruble. Mr. Ruble was unable to attend the meeting. The plan was discussed for the remainder of the meeting. Some things to look at:

- Number of rooms to add onto the south addition.
- Square footage of the classrooms.
- Need more parking spaces.
- Drop off and pick up area. Does it really solve the problems?
- Bus drop off – students will have to enter the south end of the building.
- Custodial closet on south end of the building
- Need for bathroom and concession stand for the baseball/softball fields. Discussed moving the gym to the east and putting a bathroom and concession stand underneath the locker rooms. This would only be accessed from the lower level.
- Possible bathroom in the basement storage area.
- Restrooms needed at the entrance of the gym by the concession stand.
- Is it possible to have the electrical and mechanical together to save space on the north end?

Building tours are being set for Saturday, March 1 or Thursday, March 6. Jenni will get out the information once the date is confirmed.

Next meeting tentatively set for Monday, March 10 at 6:30.
